## Chapter 1

### 1.A.

A lot of ppl stopped pretending to be my friends when I got tortured again and they could've easily helped. I don't have the resources to help, I want to help; they could've easily done what friends are for. They can't stand a genuinely compassionate person, so they stopped faking a friendship and blamed me for getting tortured again.

When I got tortured again, Bryan Durkee falsely accused me of preventing my own happiness. Kevin Curtis said, "I can't remember the last time someone reached out to me without needing something". Those liars could have easily transported me away from where I got tortured. They drive, I don't.

Sam Yosafi told me to “get a lawyer” knowing I wasn’t allowed to. Nate Oakes sneered, “rent is standard” knowing I couldn’t choose where to reside and I would have willingly paid rent for a better setting if I had a choice.

I rarely leave the dark. My eyes still burn.

The "point" of the "gifted and talented" classes in elementary school is to identify easy targets and experiment on them. Autism caused trauma and I was forcibly drugged, et cetera. There are more severe cases than mine, and I don't glorify any degree of autism. Entire online “communities" are devoted to faking autism for clout. In real life, autists are tortured in schools, hospitals, group homes , et cetera; and the torturers pretend to be "essential workers".

I survived forced psychiatry and the group home racket.

I get harassed and falsely accused of "self-hatred" for opposing ableism.

Here’s some examples of the trauma :

1

Recovery from Forced Psychiatry

Now that I've recovered from forced psychiatry, a plethora of psychiatrists who had retaliated desisted.

I was experimented on by Dr. Richard Miller at the Wheeler Clinic in Plainville, Connecticut from 5th grade until graduation in 2005. Autism (more specifically, Asperger's syndrome) made me an easy target.

I was forcibly drugged to pull out my hair and fall asleep, then sent to detention for suffering from forced psychiatry; hence exacerbated Post Traumatic Stress Disorder.

I wasn't allowed to taper off of pharmaceuticals when I graduated, I suffered withdrawal symptoms and was tortured. I was sent from Bradley Memorial Hospital in Southington, Connecticut to New Britain General Hospital in New Britain, Connecticut. Dr. Michael Edward Balkunas misdiagnosed Autism and Post Traumatic Stress Disorder as "bipolar disorder, schizoaffective disorder, and schizophrenia" or something like that without meeting me or corresponding with me. He vowed revenge because medicinal cannabis reduces the harm caused by forced psychiatry.

Community Mental Health Affiliates exacerbated Post Traumatic Stress Disorder by forcibly drugging me and forcing me into hospitals. I was denied assistance attending college.
I was also abused at Bristol Hospital Counseling Center.
Susanne Wargo forced me to take Xanax and I had a seizure from misplacing it. The staff at Bristol Hospital claimed the cause of the seizure was "undetermined" and I was abused in the psychiatric ward. Dr. Nachiappan Manoharan (sp) threatened forced injections of Zyprexa to cause diabetes, pancreatitis, and heart attacks, thus death; that's attempted murder.
Barbara Braunstein falsely accused me of using illicit narcotics whilst knowing I was forcibly prescribed drugs to cause drowsiness and threatened to drug test me. This person "worked" at the same location where I was forcibly drugged. The threat to drug test me was probably a bluff.
Margaret Pienezak of Community Mental Health Affiliates caused an anxiety attack by threatening to commit me after I was nearly murdered, falsely accused of being a "sex offender" because I'm an easy target. Dr. John A. Nazarian sent Margaret Pienezak and Michael Higgassin (sp?) to lie under oath knowing they'd get away with perjury. Attorney Katrina Camera was appointed as Conservator without grounds.
Alice Martinez of the Department of Public Health lied about why I reported CMHA. It had nothing to do with not prescribing cannabis, I reported violations such as misdiagnoses and forced drugging. The DPH retaliated by encouraging torture.
CMHA retaliated by sending me to Connecticut Valley Hospital in 2015. No risk factors were identified. I was discharged when housing was available about 4 months later.
I was sent to the Continuum of Care. I was then subjected to Leann Farley's cruelty. I nearly went blind from excessive lights and I got underweight because staff members bullied me for eating. Leann retaliated by not allowing use of the stove at night since I had to hide to eat.
July 2022
I fear for my life because it's in the hands of criminally negligent Attorney Katrina Camera, appointed in 2014. Dr. John A. Nazarian of Community Mentak Health Affiliates, a hate group, vowed revenge and meant it. He lied about why I reported him. It had nothing to do with what he doesn't prescribe. I knew I'd recover from pharmaceuticals if they were tapered. Nazarian doesn't allow recovery, hence the Conservator.
A Probate Judge broke the law and he has since retired.
Margaret Pienezak of CMHA caused anxiety by threatening to commit me for being assaulted over a false rumour. I was nearly murdered for being falsely accused of being a "sex offender" since I'm an easy target. I had to get out of CMHA to recover from forced drugging. CMHA's staff members lied about why I reported them. The Department of Public Health retaliated.
Since 2015, Continuum of Care has abused me.

Due to photophobia (i.e. light sensitivity,) from autism, my eyes hurt from being constantly subjected to bright lights while trapped in an improper setting.
Continuum of Care an agency claiming to ""rebuild lives", employs negligent staff without any certifications. They're in it for an easy paycheck. I pleaded with them to stop allowing a bully to destroy my belongings. They hid in the office. They tried and failed to commit me for being harassed by a bully they forced me to reside with. I'm still a hostage since I don't choose where to reside. I finally moved out of that place, still trapped in the Continuum of Care. My own $ would be withheld if I discharged myself.
Ppl with autism are under attack and expected to not defend ourselves.
The Department of Public Health
would probably retaliate if I reported said violations. Continuum of Care continues escalating its violations. As for why said scam still occurs, laws against such abuses are unenforced.
A staff member destroyed a resident's computer (not recently). Manager Leann Farley (in Wethersfield) probably destroyed my cell phone knowing I'd figure it was Mike Inigo, Jr. as usual.
2
Rebuttal to Sarah Carlson-Allwood
I recovered from pharmaceuticals years ago. They were finally tapered.
Sarah Carlson-Allwood misdiagnosed autism and PTSD as "schizoaffective, bipolar disorder". Trauma happened.
Medicinal cannabis saves lives. I have the license now. It's how I recover.
Falsifying medical records is illegal, the authorities just don't care. Sarah Carlson-Allwood vowed revenge because I'm unwilling to suffer from psychiatry, hence the "recommendation": being locked up and tortured at Connecticut Valley Hospital.
The safest and most effective medical necessity still prevents paranoia because it's still relaxing. Get over it.
Medicinal cannabis is the only way to concentrate, relax, and be motivated after being forcibly drugged since childhood.
3
Refuting Media's Lies About Autism
Nobody who downplays autism knows what a spectrum is. The media neglects to mention the severe cases of autism. I know it's usually much worse than what I have. Autism can mean being nonverbal and prone to seizures and wearing helmets and even diapers. Nobody downplaying autism knows about the varying degrees thereof. All degrees of autism are devastating and it didn't simply go unnoticed until recently. The prevalence of autism is rising. It's not increased awareness, it's an epidemic.
While TV shows and movies downplay autism, the news indoctrinates the  populace to despise autistic people.
Having a medical condition has nothing to do with being in a community and autism existed before Reddit.
August 2022

An application was sent for better housing in Bristol. Continuum of Care's violations continue escalating. Two staff members, Tanice and Gary, disrespected me by befriending a mailman who threatened to assault me. I finally learned his full name, Milton Jackson.
After I explained my difficulty controlling the volume of my voice, the mailman threatened to control it for me. He asked Tanya, who recently began working here, if she controls ms, she explained that she doesn't.
Towards the end of August, Gary and Tanice retaliated by befriending Milton Jackson just to spite me.
Also, Jess denies the need to add more food to the pantry.
At the end of August, food was finally added to the pantry.
September 2022
New staff said to give them a chance. The air conditioner remains on in late September.
October 2022
The heat's finally on.
November 2022
I gave my 30 days notice and moved to Bristol. The conservator had no idea I knew her cell phone number. I sent a text because she never returns my calls.
December 2022
For the time being, my mother replaced Attorney Camera as Conservator.

**1.B.**
Predators are planning a rally to advertise themselves on Sunday, April 7th, 2024.
Summary: A crooked cop rapes a so-called "client" as revenge because she tried to escape Gilead Community “Services” in Middletown, Connecticut. If I didn't report, I'd get asked why I didn't report.
The victim can't escape Andrew Lindberg, he's armed and he has blue privilege at the very least. He won't let her have any friends, the only friend on her list was his fake profile and he forced her to publicly post about what he did to her. I nearly vomited when I saw such a monstrosity on her profile months ago.
She's afraid to admit Lindberg rapes her. She knows better than to consent to police, and even if she made that mistake; I don't blame the victims. The so-called "relationship" would still be inappropriate even if she claimed to consent.
The longer story:
I  got retraumatized when abusers sent the police to abduct a woman and force her back into a forced prostitution ring within the group home racket. Therefore, this IS my business.
A victim was forced back into a group home because the abusers track the victims' phones, now a crooked cop rapes her for trying to escape the group home.
The cops apparently have the highest rate of domestic violence of any "profession". They shouldn't be allowed anywhere near any woman, much less an autistic woman.

I (Kedrick the Head Trip ) was subjected to retaliation twice for calling out abusers who tracked a woman's phone to force her back into a group home.
Out of respect for the victim, I won't say her name. The abuse at Gilead Community "Services" is so severe, a woman was forced back there by the predators who tracked her phone. I risked my life to protect her from the police. If not, they would've dragged her into an ambulance. I know she would never consent to any "relationship" with a police officer and that would still be inappropriate even if she claimed to  consent. The police are notoriously abusive to women. The abusive staff members allow a crooked cop to exploit an autistic woman for trying to escape the group home racket and psychiatry.
(Note : I deleted posts with the victim's name in them. I'm not about to desist from condemning the abusers.)
A predator with blue privilege retaliated.
Andrew Lindberg is at least 1 of the crooked cops violating the aforementioned woman. She can't be unaware of the domestic violence by the police. Therefore, she doesn't consent to them touching her in any manner.
The MIddletown police covered their own asses.
If enough ppl see my posts, Lindberg will be brought to justice.
The CEO, Justin Salvio, interrupted me to question my intentions to shift the blame to me when I condemned him for abusing residents; including the one I risked my life to protect. He said some crap about the "clients fleeing from abusive male partners" like he forgot that the aforementioned woman fled from a group home again and sought my help escaping the group home racket. I didn't abuse her, the staff members at the group home abused her.
The crooks will probably retaliate again.
Ironically, a social worker agreed with me and she told those crooks the investigation should be reopened because a cop shouldn't be allowed to exploit the woman who fled to me and away from the group home racket.
I don't harm anyone, I'm owed a lot of apologies. I don't deserve this.
Gilead Community "Services" retraumatized me. I was feeling better until they sent the cops to abduct a woman who ran away from them and sought my help.
She didn't really ghost me over miscommunications or mistakes, abusers forcibly removed her from my life.
A victim who got abducted and forced back in can't "work with them" to get out “the right way".
I got tortured in group homes and I knew there's more torture inflicted upon women.
Lindberg lied. Falsifying a police report is a felony. I was never contacted with a reply as alleged by the cops, I had to call again months later.
I believe all victims who condemn the group home racket.
Did the victim really forget the good times we had for many years? Apparently not, she’s afraid to tell the truth.
I suffer for trying to help a woman escape a group home she described as "like a concentration camp". I did the best I could for her.

Nobody deserves torture, not even the guilty, and I'm harmless;  what the cops inflict upon me is inhumane.
—-
**1.C.**
On the Continuum of Care scam’s official website, Mike Inigo, Jr was praised for his history of stalking and sexual harassment. So much for “privacy laws”!
Abusers didn’t remind me that insurance covers transportation to doctor’s appointments, they misled me and refused to bring me to appointments to address diseases caused by forced drugging. They encouraged Mike Inigo, Jr to bully me, then they bullied me and falsely accused me of bullying the bullies and they said I’m “not allowed” to attend doctors appointments. Sophie Dixon normalized diseases as “a part of life”.
Solving problems begins by addressing them. Good ppl don't say, "you're preventing your own happiness" to a political prisoner. I was subjected to round-the-clock torture for consecutive years and Bryan Durkee gaslit me and bullied me by blaming me for politely requesting a break from torture. He could have easily transported me away from torture. I especially don't drive after nearly going blind from torture. My prescription glasses are tinted red and the "Cyclops" joke already happened. Torturers damaged the ecosystem by wasting electricity and taxpayer's $ trying to blind me, including after a doctor implored them to accomodate; they tortured me even worse by adding a motion-activated light at my door.
"Privacy laws" don't cut it as a defense for housing me with rapists. The abusive staff members pretend to be "essential workers" while they hide in an office and get easy paychecks. They don't allow so-called "clients" any visitors since consensual intercourse could "trigger" the rapists.
I eventually was allowed out of group homes, no thanks to phony "friends".
I was terrifed I was about to get violated again and Bryan Durkee wouldn't help, he attended events I would have attended if I had a ride and he kept pretending not to understand my situation.
Friends don't let friends suffer.
—--
**1.D**
Stomach acid build up cause excruciating pain, including when I  had to hide to eat due to constant harassment (in Wethersfield), the abusers shouted, “ha ha, you got the munchies!” As if I would waste medical necessity by eating, I contributed food stamps to the house and couldn’t eat in peace, the abusers ran down the stairs to bully me for eating (and besides then, they usually hid the office).
—-
**1.E.**
There's a "harassment complaint" because I publicly condemned crooked cops and a group home, Gilead Community "Services" in Middletown, Connecticut. The abuse is so severe, a woman who repeatedly ran away gets forced back in because the predators are tracking her phone.

The victim knew better than to borrow $ from a poor sap nobody will hire. I repeatedly loaned her more than half of my weekly $. She said, “I stopped talking to those guys, they ran me ragged”. By extension, they ran *me* ragged.

**1.F**

That terrible apartment in New Haven had no fire escape, on the second floor. I was waiting in suspense because a doctor ordered tests I had to fast before and I wasn’t given a ride.

**1.G**

Gilead Community "Services" in Middletown, Connecticut is even worse than the group homes I got tortured in.

crooked cop, Andrew Lindberg, rapes her The victim is forcibly drugged and the CEO, Justin Salvio, said "that's between her and her psychiatrist", a sadist, I know the victim's unwilling to use the harmful drugs because she told me.

Justin Salvio is such a creep, he oversees a group home terrible enough to abduct a woman by tracking her phone. Therefore, he doesn't "help clients achieve independence".

The predators sent the police to commit a victim and force her back into the group home, and if not for me intervening, they would have dragged her into an ambulance; now a crooked cop rapes her and forced her to abruptly stop using social media for months without explaination until finally resuming use and he forced her to not have any friends except a fake profile.

The victim can't be unaware that the police are notoriously abusive to women. Therefore, she doesn't consent to a so-called "relationship" with Lindberg.

**<u>Chapter 2</u>**

**<u>2.A.</u>**

I advocate better than "advocates" and their rationale is that they have too many "clients" to effectively advocate.

Even the cops are afraid of me, I advocate better than "advocates" and their rationale is that they have too many "clients" to effectively advocate.

Even the cops are afraid of me, hence the retaliations. I publicized a story about a crooked cop raping an #autistic woman for fleeing a group home. A lot of ppl know about this because of me.

The victim herself is afraid to report Andrew Lindberg, but I'm not. I won't let him get away with rape

The victim is forced to defend Gilead Community "Services" after running away and seeking my help. She described that group home as "like a concentration camp" and now she's forced to claim she "would have died without Gilead".She's forcibly drugged and had gallstones at 37.

The cops would have dragged her into an ambulance if not for me risking my life to protect her. Therefore, she doesn't consent to getting exploited by Andrew Lindberg.

**2.B**

There's no such ppl as "white" ppl. The hate mongers who claimed to be "white" meant that they considered themselves superior and that had nothing to do with

complexion. The #Irish were and are excluded from the narrow definition of "white". Moreover, some of my ancestors' complexions were darker than mine.
The Southern Poverty Law Center is a hate group.

**2.C**

Trinity Bar's co-owners sided with the instigators who combined ableism and racism and pointed fingers in my face and shouted racial slurs at me. Therefore, Shane Carty and Higgins are liars and Trinity Bar can't be an "Irish'' pub, it's in a slum in America. If they walk the streets of New Haven, they'll get murdered over their complexion. It's a matter of when, not if;  they'll get murdered. They pretend to be "Irish" as a gimmick to sell alcohol. The hate mongers who subjected me to ableism and racism apparently planned on shouting racial slurs at any easy target at Trinity Bar because it's falsely advertised as an "Irish" pub. That was a premeditated hate crime.
The bouncer said, "you're not #disabled, you're high as a kite".
Disability isn't a crime, (but) discrimination is.

**2.D**

There are a lot more bad ppl than good ppl. The real world is the opposite of the household I was raised in. Most ppl are the opposite of kind, compassionate, and loving. I learned the hard way that most ppl are reprehensible.

**2.E.**

For many years, I've had to explain that cigarettes are addictive. If addiction were common knowledge, then smokers wouldn't be asked, "why do you smoke?".

**2.F.**

Tis ableist to glorify autism, tisn't ableist to acknowledge that there are varying degrees of autism. Simply mentioning that I'm aware of more severe cases than mine doesn't make me guilty of self-hatred. Entire online communities are devoted to faking autism for clout.
Much of the trauma I suffered had a lot to do with autism.
I get mixed results from my use of the internet to condemn ableism. The worst results include people harassing my family about my posts so my family give me a hard time despite not really wanting to. Ableism isn't any better than a long list of forms of discrimination I publicly condemned without anyone telling my family to tell me to delete my posts.

**2.G.**

I got forced back into CMHA, where John A Nazarian and Mike Higgison still push drugs. Getting forced back in was a result of the retaliation I was subjected to for trying to rescue a victim.

**2.H.**

In a meeting with Jackie, my jaw dropped when she said though there was a “restraining order” as if a backwards claim like that could’ve possibly been “pieced together” from what I said.
Yet again, I had to explain:
“ A terrified victim ran away from a group home again, I called the abusers to condemn them, so they called the cops and lied about who I called. They didn't

make a mistake, they knew I called them and not her. I know she doesn’t consent to a so-called “relationship” with a cop. I was subjected to retaliation for publicly condemning a crooked cop who gets away with sexual assault. Why would you think there was a “restraining order” against me?”
Jackie : “That’s what I pieced together.”
Kedrick : “I hope you’ll document what really happened, and especially since there's no expunging medical records.”

**Chapter 3**

**3.A.**

I had pneumonia in early February of 2024.

**3.B.**

I used to attend events, now I rarely leave the dark due to the need to protect my eyes from the light. There’s nobody to meet and nowhere to go.

**3.C.**

Due to opposing ableism, I get cyber harassed. For example, the comment, “learn to be independent” is irrelevant because Conservatorship prevents independence. I get mixed results including support and negative feedback. The latter includes cyber harassment.

**3.D.**

Crooked cops might retaliate again soon. I won’t let slide what Andrew Lindberg gets away with. He exploits and sexually assaults an autistic woman who’s been traumatized by police and would never consent to a so-called “relationship” with any officer. She’s afraid to tell the truth now that abuse escalates again. Lindberg prevents her from running away from Gilead Community “Services” again.

**3.E.**

Https://youtu.be/1_JVGjoLWZY?feature=shared

There's a forced prostitution ring at 68 Farm Hill Rd Middletown CT 06457.

A terrified victim who has repeatedly ran away from Gilead Community "Services" still rots there. For nearly a full year (March 2024) the same crooked cop has been getting away with raping the same victim. I don't ask questions that answer themselves like, "what's inflicted upon women at group homes?" A terrified victim who runs away from Gilead Community "Services" is forced to defend the predators she runs away from. A crooked cop, Andrew Lindberg, sexually assaults her and prevents her from even trying to escape the group home racket ever again. I risked my life protecting her from the cops when they were about to drag her into an ambulance. The victim doesn't consent to a so-called "relationship" with a cop and even if she claimed to consent, he's still exploiting and violating her because she's #autistic and he's a cop. The victim would never, ever willingly defend the abusers she has repeatedly ran away from. As for the loans, she would repay me if she were allowed to. I repeatedly loaned her more than half of my weekly $, adding up to at least a 4 digit number. The predators won't let her repay me, they're vengeful because I tried to rescue her from them. If not for me defending her, she would

have been severely injured by the police. I wasn't about to let them harm her. She told the abusers she discharged herself. I.e., not A.W.O.L. There shouldn't have been a silver alert. These atrocities occur in Middletown and Bristol, Connecticut. I fear for my life and I hope the aforementioned victim will be notified when I die. The predators at Gilead Community "Services" apparently won't notify her. They detest me for trying to rescue her from them. If there were any "good" cops, the group homes would get shut down. The abusive staff members can't handle getting told off, so they fasely accused me of "harassing" the victim who runs away from them. I called them to condemn them, so they called the cops and lied to cover their asses by falsely accusing me of repeatedly calling her. I called them, not her.

Lindberg forced the victim to publicly post her facial expression after he raped her.

She's also forcibly drugged.

Absolutely horrific. Funny that this place has a mission statement of “compassionate, individualized care”. This place refuses to work with me and doesn’t listen to anything that I say. I am disabled and they are now putting additional financial and physical burdens in place to make obtaining my medications absolute Hell. They’ve slandered me in my medical records with absolutely ZERO evidence.They want me out of there; I want to get out of there-but now because of a “primary diagnosis” that Gusfa literally made up out of thin air-I cannot get any other doctor in the entire state of CT to take me as a new patient. Gusfa enjoys making patients lives even more of a nightmare than our lives already are. I’ve never felt more suicidal than with every encounter with this place. It should be illegal to enter a “diagnosis” into a medical record without MEDICAL EVIDENCE. I’ve never felt so degraded and disrespected as a human being than at this place: since Dr. Foreman retired.

I have been failed by these people multiple times. Really went down hill after Dr. Forman left. They will tell you, "you don't look autistic",even though you are". 🙂 Go to Easter seals to get Autism eval, they will help you.

Andrew Lindberg rapes Megan Prue and even if she claimed to consent, the fact remains that he's exploiting her. He's a cop and she's autistic and at a group home she runs away from. She would never, ever willingly defend the predators she runs away from.
The revenge already backfired. A social worker at Bristol Hospital agreed with me that Lindberg is exploiting Megan. Her being autistic and him being a cop means that the so-called "relationship" is inherently innapropriate.
The aforementioned social worker and I recommend reopening the investigation about Lindberg. He's raping Megan for trying to escape the group home. DUH!
Free speeech isn't "harassment" and even if so, harassment isn't an arrestable offense; that'd be a civil matter.
Meg didn't choose to stop communicating with me, she was forcibly removed from my life because I tried to rescue her from the group home racket.
If not for me protecting her from the cops, they would have dragged her into an ambulance.
The predators also won't let her repay me. She knew better than to borrow $ from a poor sap nobody will hire. I loaned her a lot more $ than she's allowed to admit. Medical necessity costs $ and I'm sick again. She works full time and still isn't allowed to repay me. I loaned her most of my $ for months, adding up to at least a 4 digit number.
A woman who's been abused didn't willingly ghost the only exception, she was forcibly removed from my life because I tried to rescue her from the group home racket.

**3.H.**

Meg was visibly saddened when I wasn’t allowed to visit her at Bristol Hospital in the spring of 2023.

## Chapter 4

**4.A.**

I’ve been discharged from CMHA again.

**4.B.**

I scream in pain because I *used to be* forcibly drugged.
